Categories of recipients

In the course of providing the service, we use service companies separately bound to secrecy and data protection for special areas, for which access to personal data cannot be excluded. These categories of recipients are: Hosting and IT service companies, data destruction service providers, banks/insurance companies and external consultants. Data is only passed on to public authorities in the event of overriding legal provisions. A transfer to third countries does not take place.

Your data will be stored for the duration of the contract performance; after the end of the contractual relationship, we are obliged to keep the tax-relevant documents for 10 years after the annual financial statement and the end of the calendar year. The data will then be deleted.

Your right to information, correction, deletion, objection and data portability

You can exercise your right to information, correction and deletion of data at any time. Simply contact us in the ways described above. If you wish your data to be deleted but we are still legally obliged to retain it, access to your data will be restricted (blocked). The same applies in the event of an objection. You can exercise your right to data portability, insofar as the technical possibilities are available to the recipient and to us.

Right of appeal

You have the possibility to file a complaint with a data protection supervisory authority at any time.
