### *Purpose of data processing*

If you contact us and there is no contract initiation, we process your data on the basis of our legitimate interests pursuant to Art. 6 (1) lit. f DSGVO to organise our business operations. In doing so, we note that we do not process data without an overriding legitimate interest, for example when coordinating data protection issues with suppliers of our customers.

### *Categories of recipients*

In the course of providing the service, we use service companies separately committed to confidentiality and data protection for special areas where access to personal data cannot be excluded. These categories of recipients are: IT service companies, data destruction service providers and external consultants. Data is only passed on to public authorities in the event of overriding legal provisions. A transfer to third countries is not intended.
